

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT OF THE BOARD OF AUDIT AND EXCHANGE OF THE STATE OF LOUISIANA.

BATON ROUGE, LA., MAY 1, 1910.

To the General Assembly of the State of Louisiana:

GENTLEMEN—In accordance with Section 4 of Act 65 of 1892, the Board of Audit and Exchange presents herewith its workings since March 1, 1906, the date of its last report to your honorable body.

The Board has held meetings as required under the act creating it, and all legal old Consolidated Bonds issued under Act 3 of 1874 that have been presented have been duly exchanged.

Since its organization the Board has exchanged \$11,797,900.00 of old Consols into new Consols, leaving yet to be exchanged \$11,500.00 of legal bonds issued under Act 3 of 1874, which will be exchanged whenever presented.

In former reports of this Board are to be found the number and denomination of bonds engraved and printed under this act, and of the destruction of the plates by the American Bank Note Company, who engraved and printed the \$12,600,000.00 of bonds authorized to be issued. This issue is of the following denominations:

10,000 bonds of \$1,000 each, aggregating.....	\$10,000,000 00
4,000 bonds of \$500 each, aggregating.....	2,000,000 00
6,000 bonds of \$100 each, aggregating.....	600,000 00

20,000 bonds, aggregating the sum of.....	\$12,600,000 00
---	-----------------

And of this sum the Board has emitted the following, to-wit:

9,574 bonds of \$1,000 each, aggregating.....	\$ 9,574,000 00
3,616 bonds of \$500 each, aggregating.....	1,808,000 00
4,159 bonds of \$100 each, aggregating.....	415,900 00

17,549 bonds, aggregating the sum of.....	\$11,797,900 00
---	-----------------

Leaving in the hands of Hon. O. B. Steele, State Treasurer, at the close of this report the following bonds, to-wit:

426 bonds of \$1,000 each, aggregating.....	\$ 426,000 00
384 bonds of \$500 each, aggregating.....	192,000 00
1,841 bonds of \$100 each, aggregating.....	184,100 00

2,651 bonds, aggregating the sum of.....	\$ 802,100 00
--	---------------

The Board has exchanged 17,349 bonds, 747 of which belonged to the Free School Fund, and no fees were received for their exchange.

All expenses of the Board, including cost of printing and engraving the new Consols, have been paid by this Board, and only the salary of the Secretary has been drawn from the appropriation made by the General Assembly of 1892, under Act 47.

No appropriation having been made by the Legislature for the ordinary expenses of the Pension Board, such as salary of the Secretary, stationery, stamps, traveling expenses of the members of the Board, and to pay incidental expenses of good roads by United States experts while working in Louisiana, by permission and consent of the Governor such expenses since the organization of the Board up to May 1, 1910, have been paid out of the funds on hand to the credit of the Board of Audit and Exchange in the Bank of Baton Rouge.

The Board has on hand in the Bank of Baton Rouge at the close of this report the sum of \$687.65.

In conclusion, it may not be inappropriate to repeat what has already been said in the former report of this Board, that all the old Consolidated Bonds that have been exchanged and new Consols issued therefor have been destroyed in the presence of at least three members of the Board and attested by two witnesses, as is shown by the Process Verbal Book of the Board, and all of said proces verbals have been published in The Times, the official journal of the

State.

Respectfully submitted,
 GEORGE A. SPYKER,
 Secretary Board of Audit and Exchange.
